Quantum Initiative Rhineland-Palatinate (QUIP)

Goals

Promoting young researchers:

- Attract students/graduates from all over the world to Rhineland-Palatinate (RLP) for further training in quantum computing (QC) and quantum technologies (QT).

Networking interested stakeholders in RLP:

- Improve networking between individuals/working groups in QC/QT in RLP to undertake cross-sites coordination and cooperation.

Outreaching:

- Form a central contact point for interested students, scientists, industrial partners and other educational institutions in RLP to anchor QC/QT on a broad level and to achieve greater visibility in RLP.

Quantum Initiative Rhineland-Palatinate (QUIP)

Science Administration Team (SAT)

Science Administration Team (SAT) @ Fraunhofer – ITWM

- Organization of the Quantum Graduate Center (QGC)
- Organization and implementation of internships
- Supporting the organization and implementation of summer schools
- Promotion and networking of quantum young researchers in RLP
- Connecting young researchers and industrial partners

Quantum Initiative Rhineland-Palatinate (QUIP)

Advantages of being a member of Quantum Graduate Center (QGC)

Target group:

- All PhD students in the field of QC/QT are warmly welcomed to apply for QGC!

QGC offers:

Scientific programs	Individual trainings	Other horizontal structures
• Focus areas to join • Thematic Journal club • Annual retreat • Student-only retreat • An addition program adopted to the needs of young researchers	• Soft skill seminars • Mentoring program	• Journal club • Seminar series • Company contacts • ...

Summary of benefits from the QGC

Schools

Courses

Experience

Quantum Initiative Rhineland-Palatinate (QUIP)

Summer/winter schools

Target group:

- Mainly PhD students
- Particularly those in the first phase of study

Tentative time:

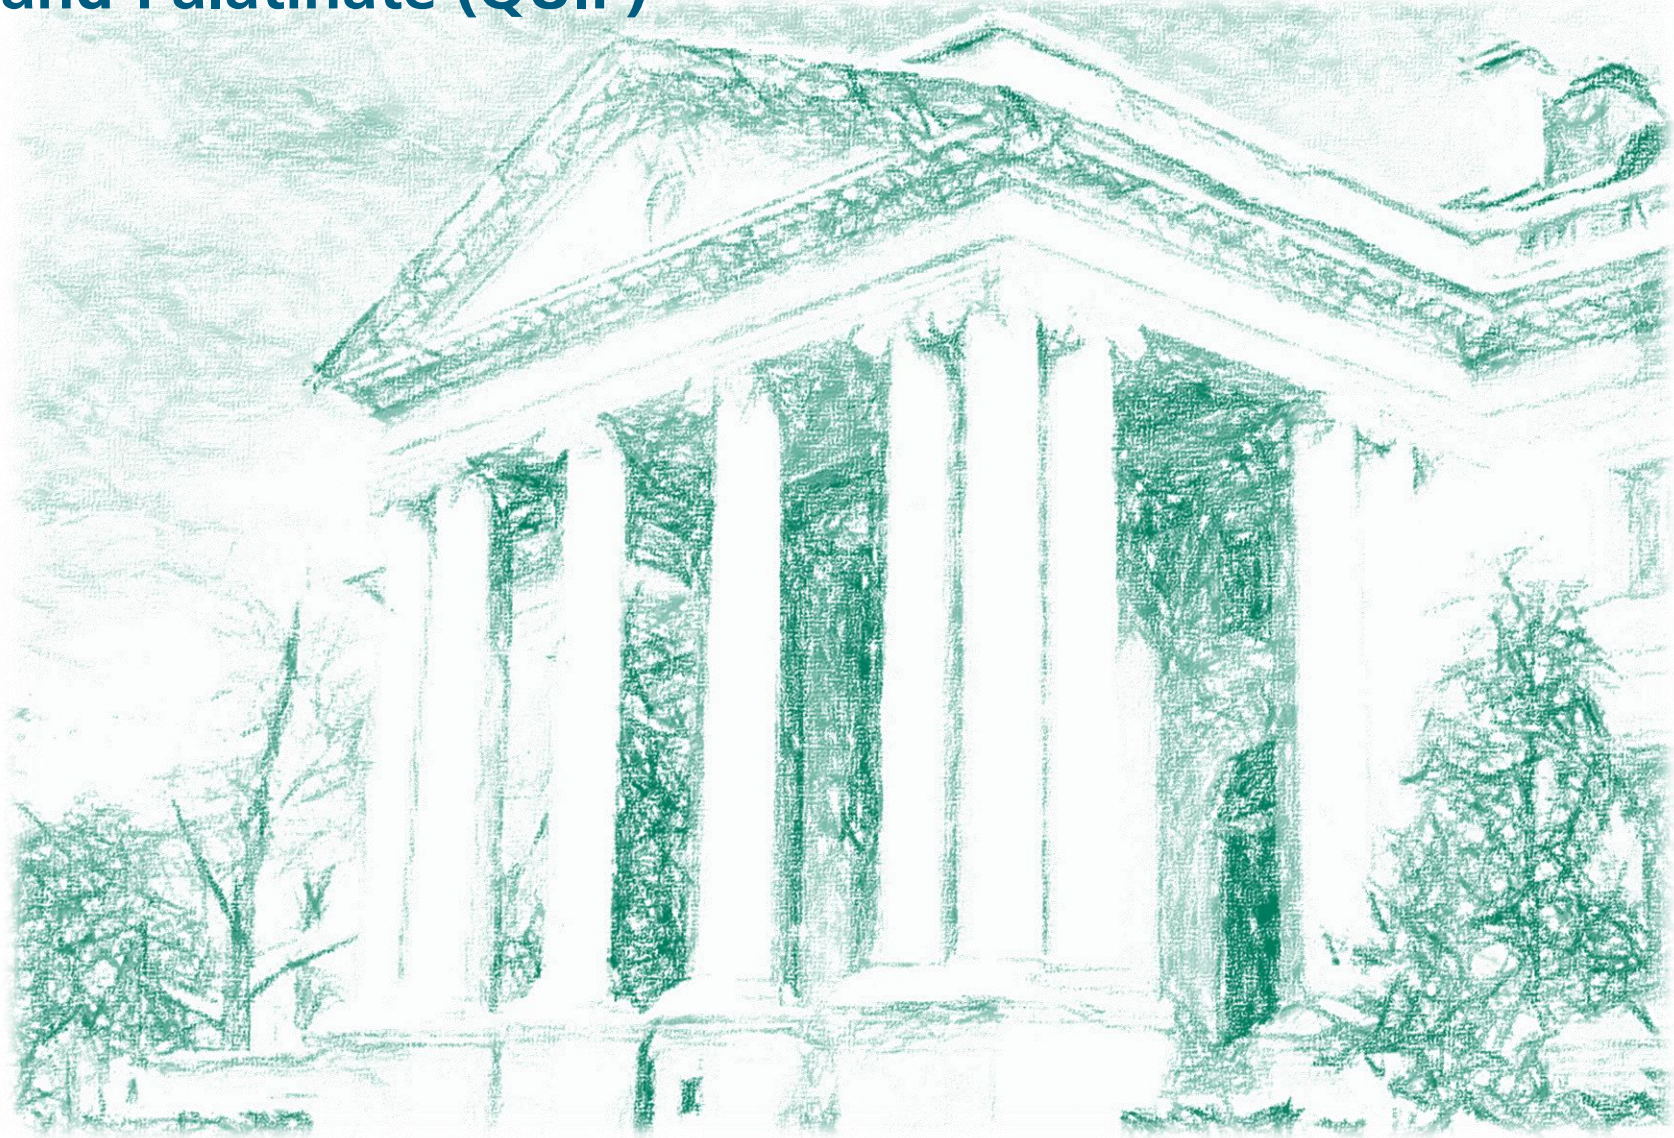

- 2026: 16.-21.08.2026 Bad Honnef
- 2027: place and time not discussed yet
- 1 school 1 week

Topics:

- Quantum computing
- Quantum sensing

Fund:

- Travel and accommodation expenses

QUIP Schools

QUIP Winter School on Quantum Machine Learning: QUIKSTART2025

- Took place in February 2025 at RPTU;
- Organization: Valeria Bartsch and Max Kiefer

QUIP Summer School on Quantum Sensing:

- Took place in August 2025
- Organization:
Arne Wickenbrock, Elke Neu-Ruffing,
Angela Wittmann, Artur Widera

Winter School on Quantum Machine Learning: QUIKSTART2026

- Took place in August 2026 in Bad Honnef
- Organization: Max Kiefer

QUIP Summer School (2027):

- Information will come

QUIKSTART X 2025

International Winter School on Quantum Machine Learning
Feb 17th-21st 2025 in Kaiserslautern, Germany

The QML Winter School brings together students, leading researchers and industry to discuss the latest developments, challenges and applications in the field of quantum machine learning.

The school is divided into two parts:

1. 17.02. to 18.02.2025, intensive courses on quantum computing and machine learning for master's students or PhD students.
2. 19.02. to 21.02.2025 workshops and courses on quantum machine learning, with talks by experts and industry. (STREAM available)

Registration deadline
Dec 21st 2024

<https://t1p.de/quikstartx2025>

Speakers

Korbinian Kottmann, David Wierichs (Xanadu)
Nico Piatkowski (Fraunhofer IAIS)
Max Haeblerlein (IQM)
Borja Aizpurua (Multiverse Computing)
Iraitz Montalban (Falcondale LLC)
Carsten Blank, Israel Araujo (data Cybernetics)
Josef Winter (TUM)
Sebastian Stern, Jean-Michel Lourier (AWS)
Elie Mounzer (DFKI)
Hans Hohenfeld (DFKI)
Elisabeth Wagner (Bearingpoint)
Sabine Müller (Fraunhofer ITWM)
Sebastian Dittrich, Fabian Brings (Bechtie)

Organizers

Maximilian Kiefer-Emmanouilidis (DFKI, RPTU)
Valeria Bartsch (Fraunhofer CML)

QUANTUM SENSING SUMMER SCHOOL 2025

17.08 - 22.08.2025
Mainz, Germany

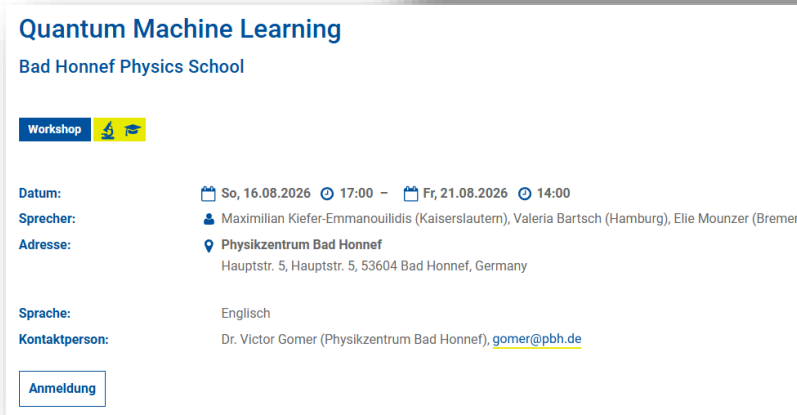

Georg v. Freymann, RPTU // Nir Bar-Gill, Hebrew University // Svenja Knappe, Boulder // Fedor Jelezko, Ulm // Morgan Mitchell, ICFO // Piet O. Schmidt, PTB // Angela Wittmann, JGU

Registration

RPTU HIM QUIP JGU

Quantum Machine Learning
Bad Honnef Physics School

Workshop 

Datum: So, 16.08.2026 17:00 – Fr, 21.08.2026 14:00

Sprecher: Maximilian Kiefer-Emmanouilidis (Kaiserslautern), Valeria Bartsch (Hamburg), Elie Mounzer (Bremen)

Adresse: Physikzentrum Bad Honnef
Hauptstr. 5, Hauptstr. 5, 53604 Bad Honnef, Germany

Sprache: Englisch

Kontaktperson: Dr. Victor Gomer (Physikzentrum Bad Honnef), gomer@pbh.de

Exhibiting at Expos

Past Events:

- SAMOP 2025 in Göttingen – 09.-14.03.2025
- Quantum Effects in Stuttgart – 07-08.10.2025
- Closing Event of Quantum Year 2025 in Münster – 15.11.2025
- SAMOP 2026 in Mainz – 01.-06.03.2026
- Hannover Messe 2026 – 20.-24.04.2026
- Women in Physics in Kaiserslautern – 28.-29.09.2026

Upcoming Events:

- SAMOP 2027 in Hannover – 28.02.-05.03.2027
- Hannover Messe 2027 – 05.-09.04.2027
- ...

Quantum Initiative Rhineland-Palatinate (QUIP)

Internship in QC/QT

Target group:

- Students with a bachelor's or master's degree from outside of RLP or from abroad
- With basic knowledge of QC/QT

Schedule:

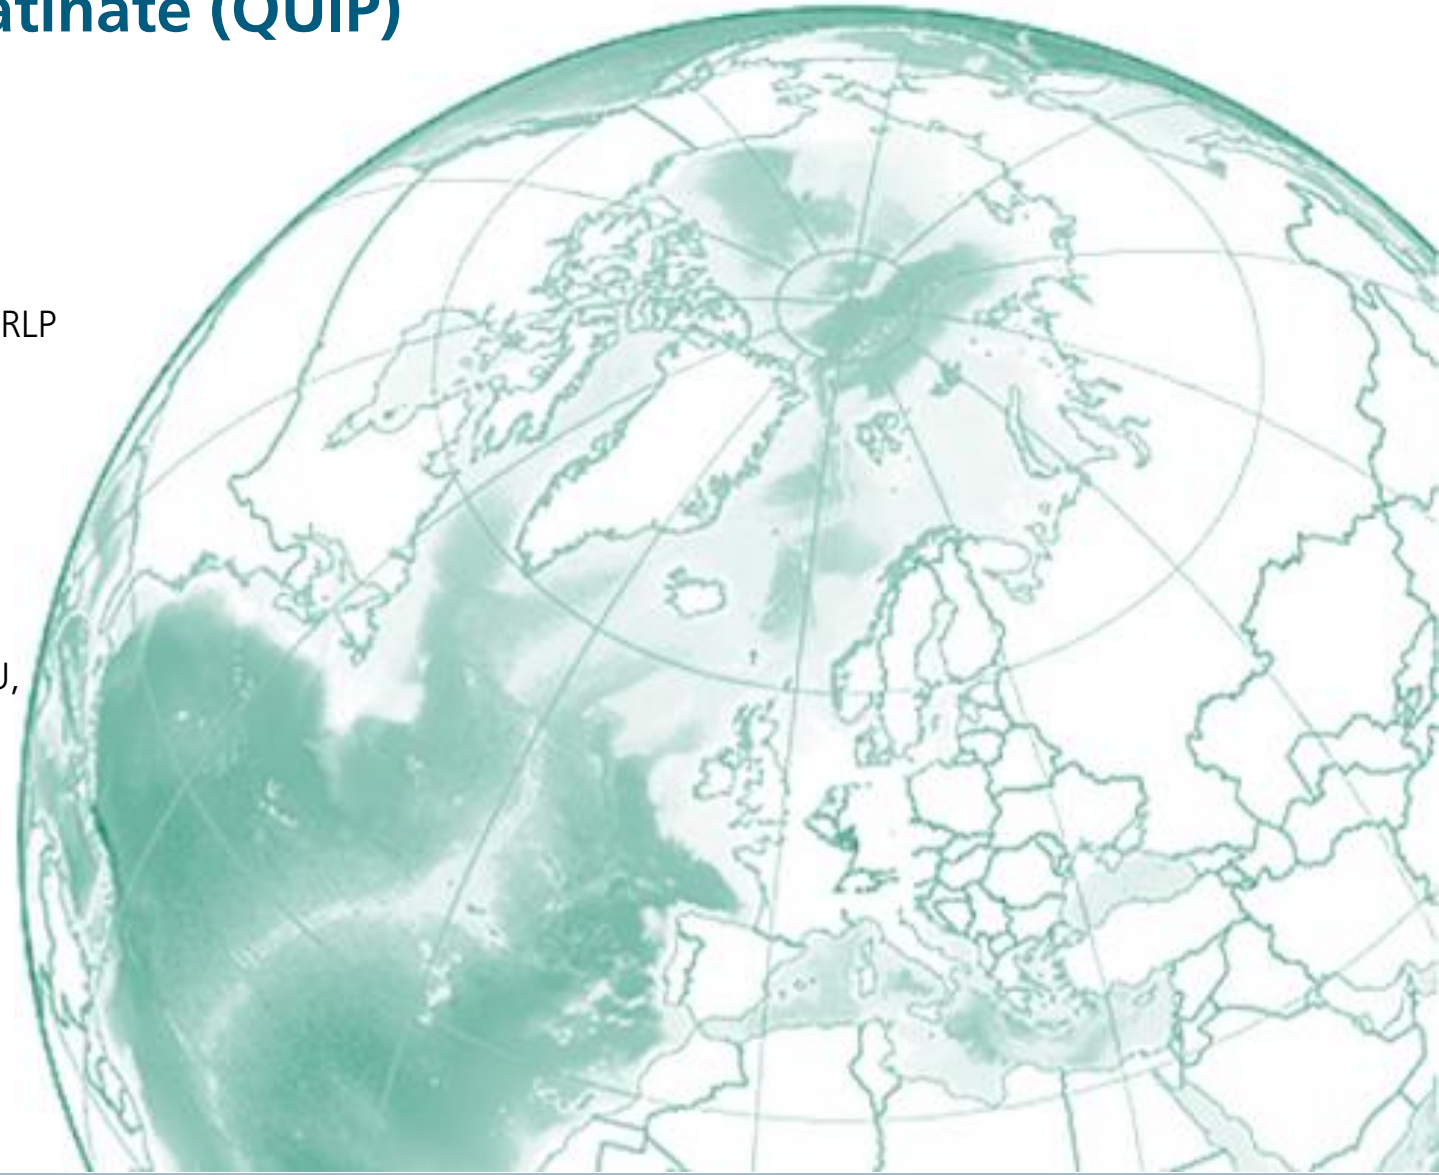

- Can be flexibly arranged for 1-3 months (up to 6 months with submitted statement)
- Will take place at one of the four participating institutes (RPTU, Fraunhofer ITWM, DFKI and JGU)

Topics:

- Quantum computing
- Quantum sensing
- ...

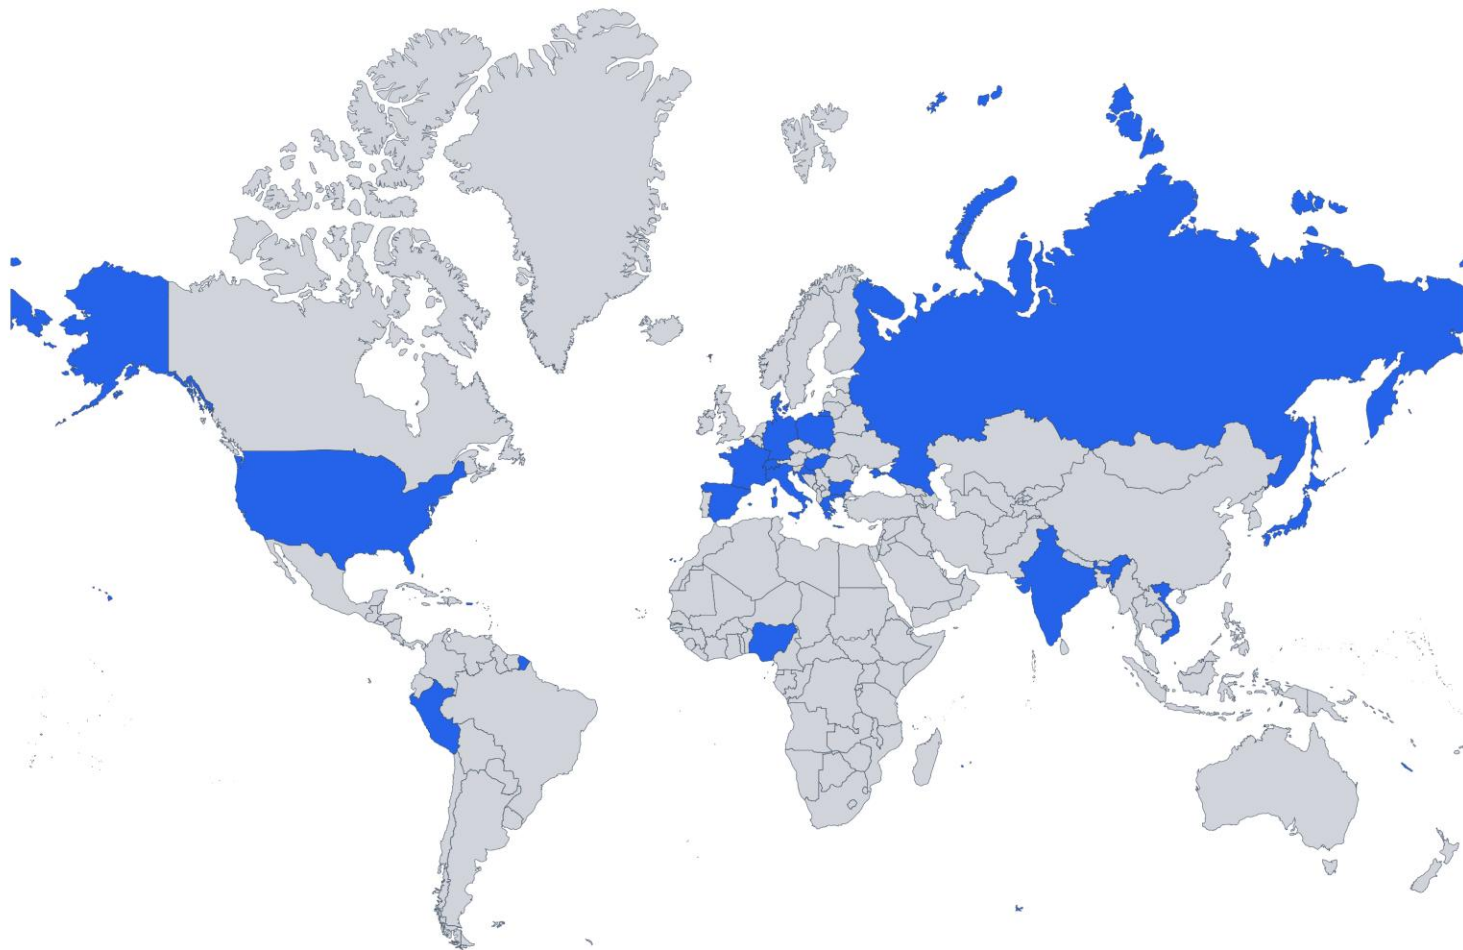

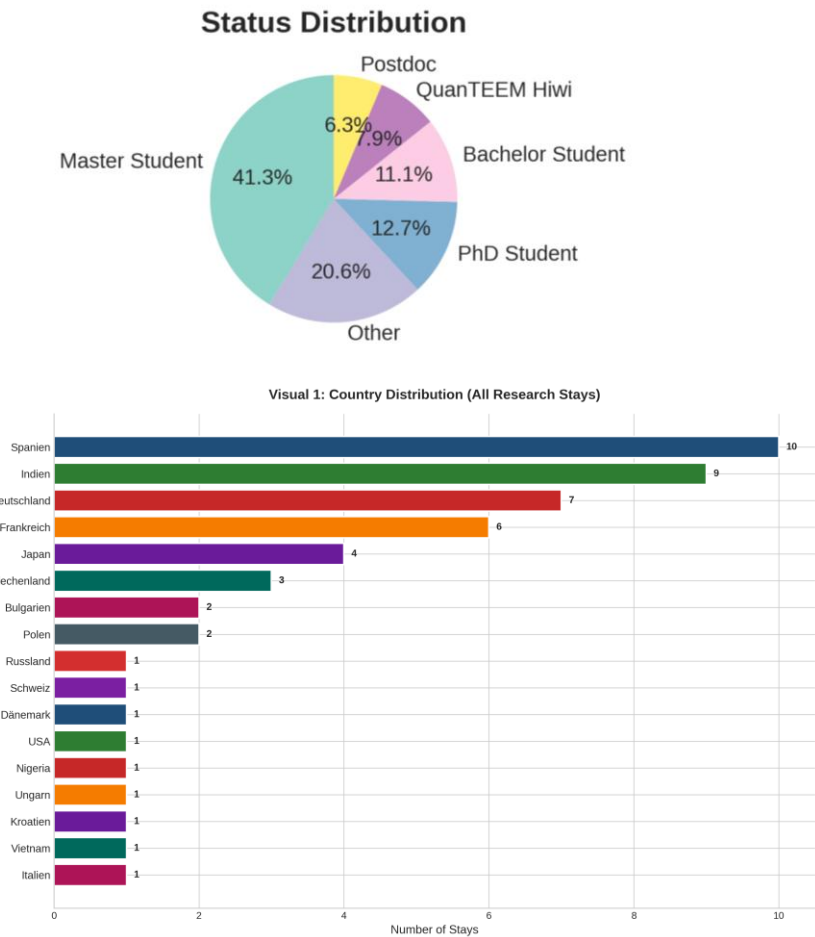

Fund:

- Scholarship
- Travel expenses

Quantum Initiative Rhineland-Palatinate (QUIP)

Internships so far

Quantum Initiative Rhineland-Palatinate (QUIP)

Internship in QC/QT – Specific Actions

1. Go to the website <https://www.quantum-rlp.de/en/home-e/>

- You will find all information about current activities
- You will find all information about the people within QUIP
- ...

2. Select a topic and maybe 1-2 members that sound interesting to you

- Research Fields are listed here <https://www.quantum-rlp.de/en/research/>
- Members are listed here <https://www.quantum-rlp.de/en/about-quip/members/>
- Scan all of them and also their websites / research topics

3. Report it to me

- Write an e-mail to me alexander.geng@itwm.fraunhofer.de with interested in ..., with person ..., in the period of ...
- Attach your CV and transcripts to the mail

4. I will try my best to promote you to the corresponding person/persons

5. If they accept there will be an online meeting, where all the details are discussed directly with the person

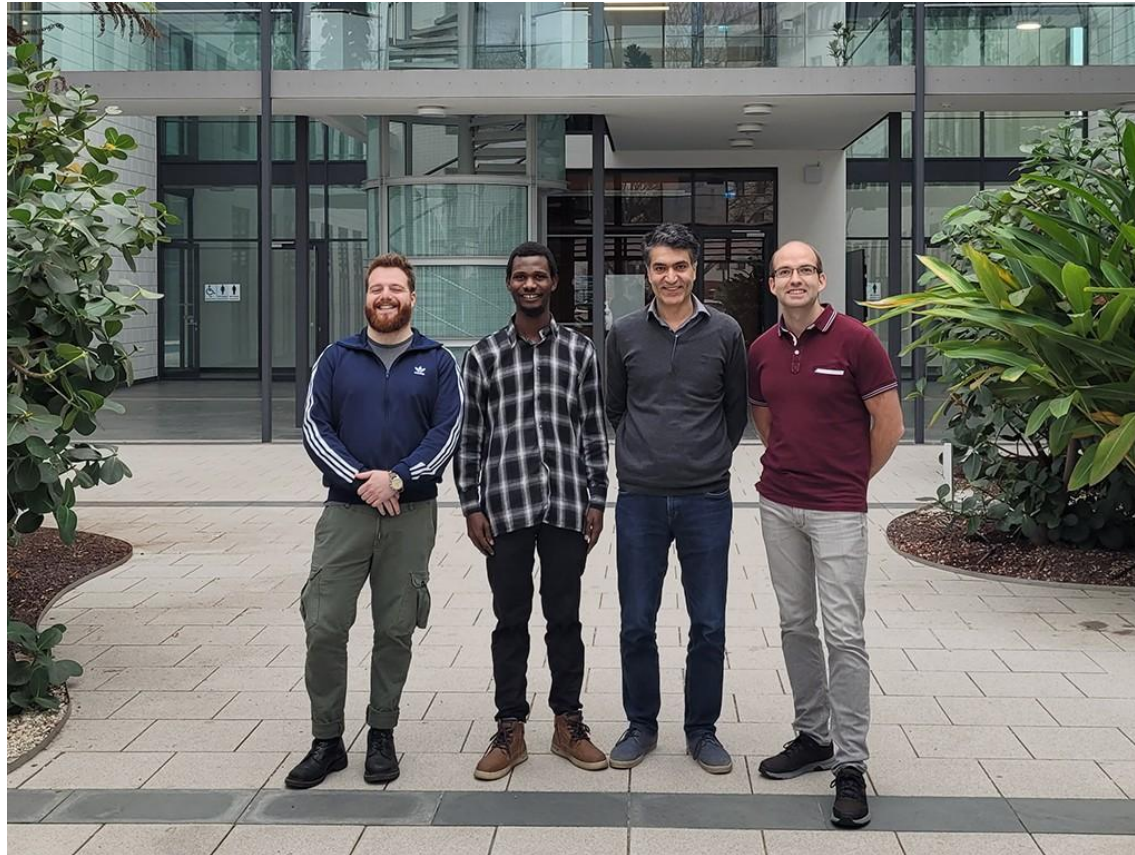

Quantum Initiative Rhineland-Palatinate (QUIP)

Internship in QC/QT – Points to keep in mind

- 1. The current phase of the project is running until end of 2027**
 - Do not wait too long to apply for it
- 2. A big part of the people within QUIP are working project based**
 - Sometimes they directly have a project fitting the interest or maybe only after 2 months or so
- 3. Visa application may take some time**
 - Victor has more experience there, what works best and maybe also what to avoid
- 4. Do not do the whole process completely alone**
 - Gain from the experiences others already did
- 5. Try it 😊**
 - Only by that you know if it works for you or not

Quantum Initiative Rhineland-Palatinate (QUIP)

How it can look for you
